## REIGN OF ANARCHY IN RUSSIAN CITIES

### 500 Reported Killed in Odessa and Fully 1,500 Were Injured.

#### The Government Hopes to Suppress the Lawlessness--Shops Pillaged and Burned.

##### MUST SUPPORT GOVERNMENT.

St. Petersburg, Nov. 2.—A manifesto issued by the czar and posted in the streets calls on the people to support the government or the czar is not responsible for what happens.

##### 500 KILLED AT ODESSA.

Odessa, Nov. 2.—The situation remains serious and revised estimates of casualties yesterday in the street fighting is 500 killed and 1,500 wounded, mostly Jews and students.

Absolute anarchy reigns and several hundred shops were pillaged by a mob that was uncontrollable.

It is estimated that the damage wrought is five millions of dollars. The authorities who patrol the streets are entirely indifferent.

##### SITUATION IS LITTLE CHANGED.

Berlin, Nov. 2.—Inquiries at official quarters last evening effected the statement that railway communication with Russia is still interrupted.

In spite of the alarmist reports that are being circulated, Moscow and St. Petersburg are assuming their normal aspect. Warsaw, however, is still dangerously perturbed.

The international financiers who went to St. Petersburg to arrange for the new Russian loan have left that city for Stockholm by steamship, the railway service being interrupted. M. Kokovsov, acting minister of finance, took the initiative of postponing the loan negotiations.

Almost incredible reports are being circulated. It is said the czar has rescinded his liberal manifesto and given Gen. Trepoff and Grand Duke Nicholas almost absolute repressive power. These reports are not credited, but the fall of the Nihilist movement is regarded as a complete victory for Count Witte's policy.

##### FINLAND PRACTICALLY FREE.

Helsinki, Nov. 2.—Finland is today practically independent. A citizens' committee is in control of the government and everywhere the soldiers are friendly. There are no disorders.

##### CIVIL WAR AT NIKOLAEFF.

London, Nov. 2.—The Evening News correspondent at Nikolaeff, Russia, wires that civil war is raging there and scores have been killed and wounded. Two hundred bombs have been exploded and the town is an inferno of death and turmoil. All the shops have been looted and destroyed. Firing is incessant and ambulances filled with the killed, wounded and mutilated, are passing constantly.

##### SOLDIERS FIRED ON THE PEOPLE.

Warsaw, Nov. 2.—The demonstrators lasted all night. People marched singing revolutionary songs and refused to obey the orders of the soldiers to disperse. Later the soldiers fired, killing thirty-five and wounding a hundred and fifty.

##### Witte Doing His Best.

St. Petersburg, Nov. 2.—Although yesterday passed in comparative quiet in St. Petersburg and Moscow, a flood of dispatches from all parts of the empire reported disorders in many cities, with a heavy toll of dead and wounded. The people while celebrating their new found freedom, were in many instances set upon by Cossacks and police, who sometimes the spirit of mob violence broke forth and the lower element of the population gave themselves to pillage and destruction.

The most serious disorders, apparently occurred at Odessa, where hundreds of persons are reported to have been killed or wounded and where the rioting is momentarily expected to flare out into a repetition of the slaughter of last July, and at Kazan where a three-days' reign of terror was ended only by the retirement of all Cossacks to their barracks.

A deplorable feature of the news from the interior is that anti-Jewish uprisings have occurred in many places, especially in South Russia, where the populace vented its hatred of the Jews by sacking their stores and clubbing them, the members of the race in some cases resorting to the torch.

The attacks on the crowds are reported to be in most cases the work of Cossacks, who many times were apparently let loose upon the people without authority.

##### Disperse Crowds.

In St. Petersburg Gen. Trepoff, in accordance with his announcement, prevented the resumption of revolutionary demands by having the crowds dispersed wherever they gathered. Gen. Trepoff was aided by the weather which was cold and rainy.

Count Witte's task in securing a fair trial for the new experiment in constitutionalism is a most difficult one.

##### The Socialists' Hopes.

Meanwhile the socialists and revolutionaries who believe they have the government stumped are bending all efforts to keep the movement going and precipitate a catastrophe from which they hope a socialist republic will emerge. This is a consummation as little to be desired by

the majority of liberals, especially the Zemstovists, as by the government itself and there lies the chief hope that the force gathering under the banner of Count Witte is sufficiently strong to make head against the revolutionary movement and the spirit of unrest throughout the country.

Count Witte is doing his utmost to meet the chief object of the new regime. In addition to the promised amnesty for political purposes, liberty of the press has been granted. Count Witte offering to a deputation of editors who called on him to demand the abolition of the censorship regulation, the amusing legislation that in the hurry of writing the manifesto the words "liberty of the press" were inadvertently omitted and that the omission had not been noticed until the complaint was made.

The Official Gazette formally announces that the term "liberty of speech" is to be interpreted as including the press.

##### Bombs Thrown in Poland.

Radom, Poland, Nov. 2.—An anti-government demonstration culminated in riots and much property was destroyed. There were many casualties after bombs were thrown and troops fired on the rioters.

##### \$100 FOR A DOG

Is Asked By S. E. Mitchell, of Street Car Company.

Quite an unusual suit has been filed in Justice Burnett's court. S. E. Mitchell asks a judgment for \$100 against the Paducah City Railway company for the death of a dog. The dog was killed recently by a street car and the plaintiff states it was a very fine type of bird dog. He alleges that the dog was killed by carelessness on the part of the motorman.

Attorney J. R. Grogan represents the plaintiff. The case will come up November 13, when it will be set for trial.

"Who is that striking young man that just came in?" "His face is not familiar, but he's either a distinguished musician or a star football player."—Chicago Tribune.

## FATAL BURNS FROM POT BOILING PITCH

### Exploded and Fell in Shower on Four Persons.

#### Boiler Explosion Kills Two and Auto The Explodes With Fatal Effect.

##### TWO KILLED BY FALLING TREE.

Hellefontaine, O., Nov. 2.—A terrible fatality occurred today when a bottle of pitch that was being heated on a stove to be used as roof paint exploded and fatally burned Mrs. William Ruble, her son, John, and frightfully injured two daughters, Jennie and Gertrude.

The pitch was almost to the boiling point when John Ruble lifted the bottle from the stove to take it into the yard. As he put it down to open the door the stuff exploded and the boiling pitch was thrown all over the room in which his mother and sisters were sitting. Mrs. Ruble was covered and her clothing burned off, and after terrible agony she died.

John Ruble is frightfully burned and his sisters severely injured. In the excitement the house caught fire and was considerably damaged.

##### Boiler Kills Two.

Washington, Nov. 2.—Two men were killed and three seriously injured yesterday afternoon by an explosion of a boiler in the Potomac Electric power house. Of the injured two may die.

##### The Burns and Kills Two.

Philadelphia, Nov. 2.—J. H. Brooke, of McKee, Brooke and Price company, was killed and W. G. Price and his wife seriously injured in an automobile accident near Absecon, N. J. They were going at a rapid rate when the tire burst upsetting the automobile.

##### Falling Tree Kills Two.

Danville, O., Nov. 2.—Mrs. Mary E. Maiz, aged 70, wife of one of the most prominent citizens of Knox county, was instantly killed and her son Clifford, was fatally injured near here yesterday afternoon by a tree, which was being cut down by axmen falling on them. They were passing in a buggy when the tree fell and crushed the occupants.

##### \$10,000 WASTED.

In Preparing "Mrs. Warren's Profession," Which Was Prevented by the Police.

New York, Nov. 2.—The police topped the production of George Bernard Shaw's play, "Mrs. Warren's Profession," by arresting Samuel M. Gumpertz, manager of the Garrick Theatre, in which the play made its first New York appearance Monday on a charge of offending public decency in sanctioning the performance. Police Commissioner McAdoo ordered that all further performances of the play cease.

Arnold Daly made the following statement this afternoon at the office of his counsel:

"I announced at the beginning that I would construe the dramatic critics of New York a jury to pass upon the fitness or unfitness of 'Mrs. Warren's Profession.' Their verdict was rendered today. It was against the piece, and I will stand by my word. I will make no attempt to repeat the performance tonight.

"I do not consider it dignified on my part to seek an injunction in view of my announcement, made before the opening performance. The Garrick will be dark tonight."

It is said that Mr. Daly has spent \$10,000 in preparing "Mrs. Warren's Profession" for production.

## SOUTH KENTUCKY COLLEGE BURNS AT HOPKINSVILLE.

Hopkinsville, Ky., Nov. 2.—South Kentucky college, a Christian church college, valued at \$10,000, and burned but for \$10,000, was destroyed by fire last night. Only the two wings in the rear were saved. Many of the girls lost heavily, but no one was injured. The origin of the blaze is unknown.

One touch of spring makes the whole world tired.

## SUPREME K. OF P. LODGE.

### Will Next Year Be Held in New Orleans.

Indianapolis, Nov. 2.—The question of a possible outbreak of yellow fever at New Orleans next year came up recently and members of the supreme lodge met here to decide whether or not it was advisable to hold the convention in the southern city. A delegation of New Orleans citizens appeared before the council and succeeded in convincing that body that the Louisville arrangement should be carried out. A letter presented by J. Zach Sparring, chairman of the delegation, from Dr. White, of the United States Marine service, perhaps did more than anything else to convince the supreme council that the great body of Knights of Pythias would be in no danger in journeying to New Orleans next fall. Dr. White in his letter stated that there would be no danger of the fever breaking out next year as the result of the epidemic this fall.

## PRESIDENT REFUSES TO TAKE ANY HAND

### In Any of the Municipal or State Elections.

#### Jerome Is Said to Be a Sure Winner—Joseph Choate Makes a Ringing Speech.

## FOLK IS TOURING OHIO STATE

Washington, D. C., Nov. 2.—President Roosevelt has been asked to endorse Irvings, the Republican candidate for mayor of New York City. He refused, saying he cannot interfere in local contests. He also refused to help Governor Herrick of Ohio, Gov. Mass and the anti-gang candidates in Philadelphia, will go to Oyster Bay to vote.

## Seething Pot in Gotham.

New York, Nov. 2.—The political pot is boiling. Jerome is looked upon as a sure winner and bets are being made ten to four. Irvings will hardly win, but will be the deciding factor in the election of McClelland or Hearst.

Joseph H. Choate, a staunch Republican and former ambassador to England, made a telling speech last night defining "Boss" as a fellow creature without scruples or conscience, who fills his capacious maw with graft and who feeds his greedy followers upon official garbage gathered from official trash pots and swill pails. He said he was all for Jerome.

## Folk Begins His Tour.

Cincinnati, O., Nov. 2.—Governor Folk, of Missouri, today commenced a whirlwind tour of Ohio. He speaks in the interests of the Democratic party and is laying political corruption and socialism.

## NEW OFFICERS

### Elected For the Tennessee Central at Nashville Yesterday.

Nashville, Tenn., Nov. 2.—At a meeting of the stockholders of the Tennessee Central Railroad and the Nashville Terminal company, held in this city yesterday, these corporations were reorganized. The Tennessee Central stockholders elected the following directors: Jesse M. Overton, Nashville; T. N. Birch, Memphis; Alex. P. Humphrey, Louisville; and W. J. Murphy, Cincinnati. The directors later elected J. M. Overton, president; George A. Clark, general manager; J. O. T. Howell, treasurer; and O. M. Laug, secretary. The terminal company elected these directors: W. J. Harahan, Chicago; William Smith, Jr., Evansville; W. J. Murphy, Cincinnati; and H. H. Spencer, New York. The directors elected the same officers as the railroad company.

It is said the new officers will probably hold until December 1, when the railroad and the terminal are taken over by the Illinois Central and the Southern. J. C. Van Blarcom, of St. Louis, former president of both companies, retires from all connection.

## Boy Hurt by a Fall.

The little son of Mr. John Elder who resides on Goshel avenue, fell this morning at his home and struck his head on a stove cutting a painful wound. Dr. Bradley was called and dressed the wound.

## H. C. ALLISON WILL SUSTAINED BY JURY

### Case of Daughter Against Widow Won by Latter Today.

#### The Jury Retired Early This Morning and Was Out Only Two Hours.

## AN APPEAL IS NOW PROBABLE.

A jury, after being out two hours, this morning in circuit court decided that the late H. C. Allison was of sound mind and sustained his will, which was in controversy in a suit of Mrs. Lola Mankin, a daughter by a former marriage, against Mrs. Mary Emma Allison, his widow, seeking to have the will set aside.

Mr. Allison was a well-known politician, and his estate, when all debts were paid, was worth about \$15,000. Under the terms of the will his daughter by a former marriage, Mrs. Mankin, would have gotten about \$2,500. Had she succeeded in having the will set aside, she would have secured about \$4,000 as her share of the estate.

An insurance policy for \$2,500 was left her but it proved to have been pledged for about \$1,200, leaving her when it was paid only about \$1,300. The court held that the balance of this \$2,500 bequest must be paid out of the estate.

A great deal of evidence was heard much of it being expert testimony of doctors relative to the mental condition of the late Mr. Allison, who died from erysipelas. The case was argued yesterday and given to the jury when court convened today.

The main question in the suit was of the sanity of the deceased, and the jury decided that he was fully capable and competent to make his will, and that it was his last will and testament.

Attorneys for Mrs. Mankin said today that an appeal would probably be taken, but had not been fully decided on.

## SAFE BLOWERS

### WRECK A SAFE IN THE DEPOSIT BANK AT SULPHUR.

#### Until Experts Open It It Cannot Be Ascertained What Was Stolen.

Louisville, Ky., Nov. 2.—The vault of the Deposit bank at Sulphur, Ky., thirty miles from Louisville, on the L. and N. short line division, was blown open by safe burglars at 2 o'clock this morning and the safe was so badly damaged that it could not be opened by Cashier T. L. Garriot.

Mr. Garriot immediately wired to Louisville for an expert who reached Sulphur at 10 o'clock this morning. Until the safe is opened it cannot be ascertained how much booty, if any, the robbers secured. The vault door was completely wrecked.

## Got \$1,000 Here.

The trouble arose over the appointment at the boy's request of an East St. Louis attorney to act as his guardian and custodian of \$8,500 judgment, and affirmed three days ago by the supreme court.

The boy had lost his left foot in an accident on an Interurban car line and judgment was the result of suit for damages.

## Robber Soon Came to Grief.

Toledo, O., Nov. 2.—Baumgardner's down town saloon was the scene of a regular Jesse James holdup last evening in which John Wells, a well-built and nicely dressed man, played the role of highwayman.

With a revolver drawn he walked rapidly into the saloon and, jumping behind the bar, touched the cash register for \$45. He then started out, while the crowd of onlookers stood gazing at him. As he came around the bar Baumgardner made a rush for him but was met with a fusillade of bullets none of which hit him. Before Wells could reload the men were on him and he was overpowered and held for the police.

He refused to divulge his identity or say where he came from.

"We policemen are expected to do

this morning "but we don't always

"This bill was given to me—in

The Paducah police have a record  
to be proud of. The reputation  
gained in the past few years for effi-  
ciency is something any one should  
be proud of. There have been few  
thefts, robberies and crimes during

shows that crooks are giving Padu-

it is a dangerous place to come.

himself on his success in securing a  
suitable support for Miss Jule Fore-  
man in "Cinderella." When discuss-  
ing the matter a few days ago, Mr.  
Alley said: "Not more than half the  
productions offered on the stage these  
days prove a success, and managers  
agree that the vehicle and the sup-  
port is more responsible for this than  
any other thing. I have had this in  
mind in selecting a cast for "Cinder-

as good as any in that class, and the

much. The principals are good com-

it is thought he will do so.

## PARTIAL REPORT

IS MADE ON THE RELIGIOUS  
CENSUS JUST TAKEN.

The Reports Not All Complete and  
Other Information Will Be  
Given Out Later.

Rev. John S. Cheek of the First  
Baptist church, chairman of the re-  
ligious census work of both city and  
county, has completed the tabulation  
of the reports turned in by the work-  
ers in the city districts on last Satur-  
day. These are necessarily incom-  
plete as many of the homes were  
missed where the families were away  
and will have to be revisited. As it  
stands now there were 3,482 homes  
visited and only eleven families re-  
fused to give the data desired. These  
3,482 homes include something like  
12,337 people, of which 5,155 are  
under 18 years of age, 5,532 attend  
church at least once a month and 2-  
679 children attend Sunday school  
regularly. Two hundred and sixteen  
families had no church preferences  
and these include 654 people, 258  
being under 18 years of age, 116 at-  
tended church once a month and 36  
children are regular Sunday school  
pupils. The committee thinks it best  
to wait for the complete returns be-  
fore giving the numerical strength  
of each denomination.

Only three of the county districts  
have been heard from, this enumera-  
tion is being made by the school  
districts. When these reports are all  
in, the county work will be tabulated  
and given.

Dr. Cheek desires to personally  
thank the newspapers, the workers  
and every citizen for their ready and  
willing co-operation in this canvass  
and for aiding the ministerial as-  
sociation so well in the big work under-  
taken. The efforts of each are greatly  
appreciated, and the ministers feel  
much good will result from the work.

### FUSIONISTS ARE ON THE ALERT

Louisville, Ky., Nov. 2.—The cam-  
paign which will be ended next Mon-  
day night, the election on the follow-  
ing Tuesday being for municipal of-  
fices, is without a parallel in Louis-  
ville. The alignment is the straight  
Democratic party on the one side and  
the Fusionists on the other. The Fu-  
sionists are made up of Republicans,  
dissatisfied Democrats and others  
whose platform is a purification of  
municipal affairs.

The Democrats have a registered  
majority of about 9,000, but the Fu-  
sionists claim that fully 5,000 repea-  
ters from New York, Philadelphia,  
St. Louis and Chicago, have been im-  
ported and fraudulently registered.  
The Fusionists have published the  
entire list of 50,000 registered vot-  
ers, and declare that every one not  
entitled to vote will be prevented  
from doing so, if a resort to arms is  
necessary. They have rented rooms  
in all the precincts near the polling  
places, and say that in each rendez-  
vous they will be prepared for all  
contingencies. They declare they will  
have a fair and square election even  
if they have to go to the voting pla-  
ces armed with Winchester rifles.

They have obtained a number of  
automobiles and horsemen and will  
use them as a kind of flying squad-  
ron sending them fully equipped  
from voting place to voting place  
during the day to prevent the alleged  
prospective repeating. The Democrats  
say no repeating or other fraudulent  
practice is contemplated, that they  
have a satisfactory majority and will  
depend on that to win the day for  
them.

## Judge William Marble Predicted Wireless Telegraphy 29 Years Ago

The many friends of Judge Wil-  
liam Marble, the popular attorney of  
the firm of Hendrick, Miller & Mar-  
ble, will doubtless be surprised to  
learn that he is a prophet—not of  
the weather, but of future events in  
the world's history. In fact he did  
not know it himself until a few days  
ago.

Judge Marble is a native of Prince-  
ton, Kentucky, and has spent most  
of his life in that place. While there  
on a visit a few days ago, he had oc-  
casion to look through some old pa-  
pers in his law office there, and  
among them he found an essay, writ-  
ten by himself, and marked on the  
back, "Read before the Philharmonic  
club on January 5, 1877, at Dr. Mc-  
Goodwin's." The essay is called "The  
Old and the New," the subject hav-  
ing been chosen, doubtless, because  
of the fact that the year 1876 was  
the year of the centennial. It dis-  
cusses the events of the past centu-  
ry, and foretells some of the things  
which he believes will come to pass  
in the future. Among other things,  
he says:

"I believe we are yet in the in-  
fancy of electricity, and that it will  
be the great power of the future."

now no conception, and our meth-  
ods of communication will, I think,  
be largely changed....The telegraph  
is wonderful, but the telephone is  
more so, and now that we may con-  
duct sound, as well as electricity,  
along wires, and actually talk across  
the continent over a wire, who would  
be astonished if some means should  
be discovered by which we can com-  
municate across the country as  
quickly and accurately as by tele-  
graph, and yet without the aid of  
wires and machines? Perhaps it may  
be done. Who thought of the tele-  
phone five years ago?"

Judge Marble had forgotten all  
about the essay, as it was written  
nearly 29 years ago, and was him-  
self surprised to find, upon reading  
it, that he had predicted wireless tel-  
egraphy so far ahead, as, at that  
time, he says such a thing had never  
been thought of, so far as he knew  
anything about.

God help the man who thinks he  
has room in his heart for petty dis-  
likes.

## WHY THE CITY GROWS.

The administration occasionally attempts to counteract a rising sentiment against its municipal mismanagement by claiming that the city is growing. This is true, but it is in spite of, rather than because of, the administration. Former Governor W. O. Bradley, at Louisville a few nights ago, answered the Louisville gang that is making the same absurd claim, in the following words, which are applicable here as well as there, and effectively dispose of the argument that the growth of a city is due to its officials:

"We are told that the city is growing, that it is increasing in wealth and importance, and that this is attributable to its present management. "That the city is growing in wealth and commercial activity there can be no doubt. So, too, are all the cities of the union. In every state and country there has been marked im-

fair crops will grow in rich land when the weeds are not cut.

"But what thinking person will for one instant credit our advancement to the present mismanagement in the city government?"

"The reasons for this local and general growth are plain to every thinking man. The wise laws of the Republican party, enacted and administered during the term of McKinley and perfected under Roosevelt, are alone responsible for our growth.

"They have placed the banks, the railroads and all business interests on their feet; they have enriched the farmer and given remunerative wages to the laborer; in short, they have banished the soup houses, filled the dinner pail and inspired the people with confidence.

"Now, what would Louisville have been today if she had only been blessed with a live, energetic and competent city government, independent of party manipulation?"

## KENTUCKY'S GROWTH.

The five-year census just taken in New Jersey indicates very plainly that the regular census of 1910 will move that state up several notches, says the Louisville Herald. It will beat North Carolina and Tennessee and may give Kentucky itself a close run. North Carolina had in 1900 a population of 1,883,669, and Tennessee 2,020,616, while Kentucky had 2,167,174. New Jersey, which had in 1900 a population of 1,883,669, has now 2,137,766. New Jersey is one of the old states. It had 277,426 people in 1840, and in 1850 had but 189,555. Kentucky in 1820 had 564,235, and in 1850 had grown to 982,405. In 1860 Kentucky had increased to 1,155,684, while New Jersey had in that year 906,096. In the forty years from 1820 to 1900, the latter state had more than doubled its population while Kentucky did not quite double hers. New Jersey has an area of 7,815 square miles only; Kentucky, 40,000. Populated in proportion to New Jersey, Kentucky ought to have from 12,000,000 to 14,000,000 people.

In this connection it is interesting to note that Kentucky in the ten years from 1790 to 1800 trebled, in the next decade nearly doubled her numbers, and in the decade from 1810 to 1820 leaped from 406,511 to 564,135. The development of Kentucky's mineral and agricultural resources ought to do for this state what a like development has done for Illinois. That state entered the Union with a population of 557,000. Its present population is 3,000,000; or in round numbers, almost an hundred-fold increase. Kentucky entered the union with 75,000. Putting Kentucky's present population at 2,500,000, our increase has been more than thirtyfold.

It is desired to administer such rebuke to the democratic politicians on the constitutional amendment question that they will not forget in a long time. Every voter, irrespective of politics, should go to the polls and vote against that amendment if he votes for nothing else. It is an insult to the manhood of Kentucky to ask voters to go back to this dangerous and obsolete form of voting, simply to benefit the politicians. The same men who are urging this viva voce system of voting solely on the argument that the secret ballot makes fraud possible, are the ones who have been responsible for most of the fraud. No fraud is possible among honest men. Those who are now talking about fraud don't, as a rule, care how much fraud is committed so they do the committing. Don't fall to vote "No" to the constitutional amendment proposition.

If all the people who have attended the democratic speakings in the county were in a bunch, it wouldn't fill a good-sized farm wagon. The voters have already heard the rot the democratic candidates are repeating, and repeat at every campaign. What they want to know is something about the democratic gang's machinations in the county and city, and they know that the candidates can't afford to tell what they know about that. The result is the voters

are staying at home whetting their knives for the democratic ticket.

The case of Russell has always said that his people didn't know what "freedom" meant, in the first place, and wouldn't know what to do with it if they had it, in the second. Late events indicate that he was right.

The prospects are that the Louisville gang will this year have its hands full if it again attempts to rob the people. Every precaution will be taken by the decent citizens to prevent it.

A prominent Japanese official says that Japan wouldn't have the Philippines. He might as well have said "couldn't."

## POLICE COURT

ALLEGED COW THIEF GOES TO JAIL IN DEFAULT OF BOND.

Ozment-Jones Case Goes Over Because of Absent Witnesses.

Will Stall, colored, who was commissioned to drive two cows home for Bud Elrod, of the county, and who failed to arrive at the destination, was held over this morning under a \$300 bond for grand larceny.

He stated that the cows got lost in the woods and that he had spent several days in attempting to locate them. Elrod worked up a strong case against Stall, who had disposed of the cows.

The case against Hewlett Jones for obtaining money by false pretenses by selling an alleged stolen wheel, and against Wood Jones and Ernest Ozment, for selling some alleged stolen flour and canned goods, was continued on account of witnesses being absent.

Other cases were: Eva Johnson, colored, drunk and disorderly, \$20 and costs and thirty days in the county jail; Tom Cooper, colored, stealing iron, held over for petty larceny; John Griffin, colored, striking Lena Jackson with a brick, \$20 and costs.

The case against Frank James, colored, who is alleged to have shot at Gabe Fletcher, was continued on account of the absence of witnesses. He was returned from Lebanon, Tennessee, this morning by Capt. T. J. Moore of the detective force.

## COMMITTEE NAMED.

To Purchase Furniture, Also One On Advertising.

The Retail Merchants' Association held a meeting last night and appointed Messrs. H. C. Rhodes, F. N. Gardner and L. S. Gleeves a committee to purchase furniture for the new quarters. The Commercial club and Retail Merchants are shortly to move into the building across the street, formerly occupied by Wheeler & Worton.

The Merchants last night also authorized the committee composed of Messrs. James Rindy, H. C. Rhodes and Jake Wallenstein to advertise in whatever manner they deem advisable, in the papers in regard to the rebate of railroad fare to those living within a radius of 75 miles who come here and buy \$30 or more worth of goods.

## OLD STABLE

Is Now Being Torn Down to Make Room for Elks Building.

The work of tearing down the livery stable building on North Fifth street, adjoining the postoffice property has begun. Mr. George Katterjohn has the contract to erect the Elks' building and will begin work on it just as soon as the old structure is out of the way.

The Messrs. Terrell, who have been occupying this building have moved into their new place on Jefferson street, between Fourth and Fifth streets.

Revival at Second Baptist Church. The meeting conducted by C. P. Roney, of Wickliffe, is constantly growing in interest and the prospects for a good meeting are flattering.

Christian workers of every denomination are invited to co-operate in the work. The preaching and singing have been very impressive.

Mr. Smith—Everything except the password.—Hillsburg Dispatch.

The Vanquished—Yes, but I only wanted to see it from a distance.

A Position of Responsibility.

"I should say he does! He is the man who weighs out the steak in the meat store!"

A Possible Explanation.

"I wonder why Wisely added the 'e' to his name after inheriting a fortune?"  
"He probably figured out to his own satisfaction that rich people are entitled to more ease than poor people."

Where Was It Located?

Two Ways of Putting It.

"Alas, madam, it begins to look as if I would have to, since I am resolved to marry your daughter."

The man being out of his head, the surgeon proceeded forthwith to saw a hole in his skull.

# HEAD DAMAGE SUIT IS NOW ON TRIAL

Widow Charges Hodge With Grave Crime.

And Asks \$25,000 Damages—Many Witnesses Now Here to Testify.

## AND MINOR COURT MATTERS

### Circuit Court.

The case of Mrs. M. E. Head against Cheat Hodge, one of the biggest and most interesting cases on the civil term docket, in circuit court, and one which promises to develop some startling testimony, went to trial this afternoon at 2 o'clock.

Mrs. Head's husband, then residing in Hickman county, was shot from ambush and killed and Mrs. Head alleges that Hodge is responsible by exciting the deed or by planning it. She asks for \$25,000 damages for the loss of her husband.

Attorneys Shelborne and Smith, of Bardwell, and F. E. Graves, of this city, represent the plaintiff and Attorneys Hendrick, Miller and Marble, Judge J. E. Robbins and Sam Crowland, of Mayfield, the defendant. The attorneys called their witnesses and a total of about thirty answered, the majority being from Ballard county. The trial was gone into shortly after 2 o'clock and it will require quite a great deal of time to finish the case, possibly the remainder of the week.

The case of Nellie Moore against the Paducah City Railway Co. was tried this morning and a verdict returned for the defendant. The plaintiff claimed she started to board a car at Fourth and Broadway and it started off, throwing her to the ground and causing her to break a leg. She sued for \$5,000 damages.

The case of the Seacoast Mineral Co. against the Citizens Savings bank was dismissed without prejudice.

The case of Laura Hanners against the Paducah City railway was continued until next term.

The case of the First National bank against H. H. Loving and others, was dismissed without prejudice.

In the case of Lena Maude Felt against the I. C. road, a mandate from the court of appeals affirming the action of the lower court, was filed.

The case of Ed Rivers against the Roberts Tobacco Co., was dismissed.

### County Court.

Thomas J. Hall and others deed to J. M. Finley, for \$100, property in the county.

P. M. Hichen deeds to Eula May, Hichen, for \$200, property near 4th and Husbands streets.

C. T. Lanier, age 33, and Quirey Hall, age 29, both of Woodville, were today licensed to wed.

### Judge Reed Makes a Good Rule.

Circuit Judge Wm. Reed has made a new rule. It is that lawyers must not take up the time of the court in useless talk. This will include the silly and annoying habit some lawyers have of repeating the answer of every witness when they ask a question. The local bar seems to be pleased with the rule.

### Amended Articles Filed.

The Kentucky and Ohio River Interurban Railroad company has filed amended articles of incorporation, increasing the capital stock from \$250,000 to \$250,000. The company is the one promoting the interurban line between here and Cairo, and the incorporators are Charles B. Whitesides, F. N. Whitesides, Charles F. Crump and J. J. Pfendlich.

### Preparing to Sue.

Mrs. Anna H. Scott is preparing to file through Taylor & Lucas, of the city, a suit for \$25,000 damages against the Illinois Central for the death of her husband the late J. S. Scott, who was killed at Fulton a short time ago by being thrown in front of a switch engine by the step-giving wny.

W. L. Douglas offers a ten thousand dollar reward to anyone who can disprove the statement that he makes and sells more men's \$3.50 shoes than any other manufacturer in the world. By virtue of their excellent style, easy fitting and superior wearing qualities, W. L. Douglas' \$3.50 shoes have achieved the largest sale of any shoe in the world sold at that price. These shoes cost more to make than other \$3.50 shoes, but W. L. Douglas has amply demonstrated the truth of the old axiom that "a small profit oft repeated" is the shortest road to success. ### McCracken Case Decided.

A recent court of appeal decision is as follows:

Miller vs. Metropolitan Life Insurance company et al.—Filed October 18, 1905. (Not to be reported.)—Appeal from McCracken Circuit Court—Opinion of the court by Judge Settle, affirming.

Malignant Prosecution—Advice of Counsel—Peremptory Instruction—(See 24 L. R., 1561.)—The evidence showing that the only connection that M. had in connection with the case was as counsel for the insurance company, and that upon the facts as presented to him by the agent of the company he believed there were reasonable grounds for appellant's arrest and prosecution, and therefore advised his arrest. Nothing in the record indicates that he had any malice against appellant, hence upon the trial against him for malicious prosecution a peremptory instruction to the jury to find for him was proper.

Second—Same—The same instruction was properly given to find for the agent, who was merely a passive actor in furnishing information which his position as agent required him to reveal, and which he did reveal in good faith and without malice.

Hendrick & Miller for appellant; J. D. Moenot for appellee.

### Order to Pay Over \$850.

Judge E. W. Bagby, referee in bankruptcy, this morning made an order in the Grace bankruptcy case, instructing Taylor Fisher to pay to the trustee \$850, a balance due on the purchase price within ten days. When Grace took the bankruptcy law he sold out to Taylor Fisher, his partner, who is alleged to still owe \$850 on the stock.

### Prominent Illinoisan Dead.

Chicago, Nov. 2.—Charles J. Devlin, widely known coal mine operator, who recently went into bankruptcy with liabilities at \$4,000,000, died at St. Elizabeth's hospital last night as a result of a stroke of paralysis.

He was in ill health on his arrival in Chicago from New York where he arrived some days ago from Europe and went direct to St. Elizabeth's.

Devlin was 52 years of age and leaves a widow and five children. His body will be taken to LaSalle, Ill. Devlin's fortune was made largely in coal mines. He started in the coal business as a clerk in a coal

## NEW WINTER RESORT. SEASON 1905-1906. The Beautiful Sapphire Country.

To the man whose imagination is fed with facts and fortified with observation, the southern portion of the United States will always seem the favorite child of Omnipotence and its handmaiden, Nature. Practically every resource that ministers to the wealth and greatness of a people has been lavishly placed within its borders.

Though the Creator of this full-fledged magnificence dwells neither here nor there—but everywhere—we like, in all reverence, to call these Southern States indeed "God's country." One who knows the south realizes how

## THE STATIONMEN WANT VACATIONS

Similar to Those Granted the  
Patrolmen.

They Must Spend Ten Days Out of  
Eleven at the Station Houses  
Except When at Meats.

ARE TO PETITION THE COUNCIL.

The members of the Paducah fire  
department will ask the legisla-  
ture to grant them a ten-days' lay  
off each year similar to the vacations  
granted the police, beginning with  
the first of the year.

"We firemen have a hard time and  
our jobs are not so eagerly sought  
after as you might think," a well  
known fireman stated this morning.  
"We get one day off every eleven  
days, but we are constantly on  
duty and can be no further than one  
block from the station at any time  
except when off duty. We have to  
be subjected to all kinds of weather.  
We think the boards will give us the  
ten days straight lay off the same as  
police in addition to the regular one-  
day lay off given at present."

The petition will be drawn up and  
presented to the boards before the  
first of the year. Paducah has an  
excellent fire department in fact, one  
of the most perfect in the country for  
its size, and this fact was attested  
by Chief William Tyson, of the Lou-  
isville fire department, who visited  
Chief Wood and the commissioners  
during the horse show.

The boys all work hard and deserve  
a great deal of credit, and it is  
thought their requests will be grant-  
ed.

With the Sick.

Mrs. Daisy Walters, of West Jef-  
ferson street, who was attending a  
meeting of the ladies of the Eastern  
Star in the Fraternity building last  
night, fainted twice after becoming  
overheated, but was taken home and  
has now recovered.

Attorney A. Y. Merrill is no better  
today, still being confined to his bed  
by an attack of fever.

Police Capt. Joe Wood was out on  
the streets this morning for the first  
time since he had to return to bed.  
He is much better but not entirely  
recovered.

Nothing More This Year at Shiloh.

Major J. H. Ashcraft, a member of  
the Shiloh park commission, says  
there will be no more ceremonies of  
any kind this year at the park. In  
the spring there will be several dedi-  
cations.

#### A QUESTION OF COST.

In any number of stores  
you'll see various prepara-  
tions of cod liver oil at as  
many different prices. You'll  
wonder, perhaps, why Scott's  
Emulsion costs more than  
some other kind in as large  
a bottle. Hearing only one  
side of the question you may  
be led into buying the "just  
as good as Scott's" at the  
lower price. That's false  
economy. Scott's Emulsion  
costs more because its more  
expensive to make. Every  
ingredient is tested and guar-  
anteed of the purest quality.  
No adulteration, no shaving  
of quality. There's no econ-  
omy in bargain medicine. If  
you can afford to experiment  
with your health, substitutes  
may satisfy you. We take it,  
however, that you want a  
pure preparation, a reliable  
remedy and something that's  
going to help you. That's  
what you get in Scott's  
Emulsion. Thirty years the  
standard.

#### NEW SECRETARY.

Has Been Added to the Working  
Force of the State Y. M. C. A.

The state executive committee of  
the Young Men's Christian Associa-  
tion of Kentucky has taken a for-  
ward step in the development of the  
association work throughout the  
state. A large number of building  
movements are in progress and in  
prospect and the calls upon the state  
committee for co-operation in these  
movements have necessitated the em-  
ployment of a special secretary.

W. A. House, for the past seven  
years general secretary of the Cov-  
ington, Ky., association, and former-  
ly secretary at Owensboro, has been  
added to the force of secretaries of  
the state committee, beginning No-  
vember 1 and his entire time will be  
given to the organization and con-  
duct of building canvasses in the  
state.

#### TO THE PUBLIC.

I am an independent candidate for  
coroner of McCracken county, and as  
I have been unable to get around and  
see my friends and other voters, I re-  
spectfully ask them to consider my  
nominations before casting their votes.  
I have lived in Paducah all my life,  
and am perfectly familiar with the  
lives of office, having served for  
many years as coroner, and am will-  
ing and promise to if elected, dis-  
charge those duties to the best of my  
ability.

Says He Was Robbed of \$7.

John Lowney, white, appeared at  
the police station this morning and  
reported that he had been robbed of  
about \$7 by unknown persons in a  
saloon. The man seemed to be  
drinking and could not give an in-  
telligent account of the alleged rob-  
bery. He claimed that some one cut  
his pocket and took the money from  
him forcibly. No clues were left  
and little can be learned by the po-  
lice.

#### I. C. Has Waterworks at Jackson.

A new waterworks plant for the  
Illinois Central at Frogmoor, near  
Jackson, Tenn., will be completed  
tomorrow. Foreman of Waterworks  
W. A. Love, of Fulton, is in charge  
of the construction of the plant. The  
waterworks plant will cost about \$6-  
500. Pipes have been laid from the  
pumping station to the shops. The I.  
C. will still continue to use the city  
water, but the major part of the sup-  
ply will be from the river.

#### COMPANY SUES.

To Decide Who Is to Collect H. A.  
Rose's \$10,000 Policy.

A suit was filed in circuit court  
today by the National Life Insurance  
Co., of Vermont, against F. G. Rud-  
olph, administrator of the late H. A.  
Rose, the Kentucky Mill and Lum-  
ber company and the Western Na-  
tional bank of Louisville, for the pur-  
pose of deciding which of the three  
defendants is to collect a life insur-  
ance policy.

Rose was insured in this company  
for \$10,000 for the benefit of the  
Kentucky Mill and Lumber Co. The  
petition states that the Kentucky  
Mill and Lumber company pledged or  
is alleged to have pledged the policy  
to the Western National bank for a  
loan, but the insurance company has  
no proof that any loan was made.

F. G. Rudolph, as administrator,  
is demanding the money, and the  
bank declines to surrender the policy.  
The petition asks that the court di-  
rect the payment of the money.

## BULLET WHIZZED CLOSE TO W. B. SMITH

Former Banker Leaves for His  
Father's Home.

Stray Shot Into a Train Comes Near  
Hitting the Former Paducah  
Banker.

HIS CASE SET FOR MARCH 13

Louisville, Ky., Nov. 2.—W. B.  
Smith, former president of the West-  
ern National bank, who surrendered  
yesterday in the office of the United  
States clerk, and gave bond in \$5-  
000 to answer indictments charging  
him with having misappropriated money,  
made false entries and embezzled  
\$50,000 of the bank's funds, has  
gone to the home of his father, C.  
A. Smith, in Henry county, Ky. His  
wife and children accompanied him.

While riding on an L. and N.  
train, and near Jericho, Ky., Smith  
narrowly escaped being hit by a  
stray bullet fired through the train  
by an unknown person. The ball  
whizzed close to the face of Smith  
and Mrs. S. H. Valentine, of New  
Castle, and lodged in the side of the  
car. The incident caused considerable  
excitement among the passengers.  
A few days ago a passenger train was  
stoned in the same locality.

Before he left Louisville, Smith  
said that he expected to remain in  
Louisville permanently, and that he  
would secure a residence for him-  
self, wife and little girl as soon as  
possible.

On the advice of his counsel, he  
declined to say what his defense would  
be, but he indicated that he would  
be able to prove his innocence to the  
satisfaction of a jury.

The case was set for trial on March  
13, which is the first day of the  
spring term of the United States dis-  
trict court.

## STRANGE EPIDEMIC

AFFECTS COLORED CHILDREN  
IN WORTEN'S ADDITION.

Symptoms Are of Scarlet Fever and  
Health Officer Graves Flags  
the Houses.

An epidemic that is puzzling the  
doctors is raging among colored peo-  
ple in Worten's Southside addition.  
Dr. B. B. Griffith thinks it may be  
scarlet fever, but is not certain.  
Yesterday afternoon an old darky  
who used to work for Dr. Griffith and  
who is now residing in Worten's ad-  
dition, telephoned him to come and  
see what was the matter with his  
children. He responded and found  
that the children were suffering  
from symptoms of scarlet fever. Dr.  
Griffith says that a case of scarlet  
fever is seldom found in a colored  
family as that race does not seem to  
be susceptible to it.

He called City Health Officer W. T.  
Graves and he was also suspicious of  
it being scarlet fever and flagged ev-  
ery case. There are about forty or  
fifty cases in this one locality. Some  
of the children are still sick and  
some have recovered without calling  
on a doctor.

Dr. Griffith says that usually a  
throat, ear or nose affection follows  
scarlet fever, also, generally there is  
a kidney trouble, but in these cases  
nothing of the kind has followed it.  
It is Dr. Griffith's opinion that if the  
disease is not scarlet fever that it is  
"German measles." It is mild and  
there have been no deaths from it.  
Whatever the disease is it is conta-  
gious.

## Shine 'Em Up

**LIQUID VENEER**  
MAKES OLD THINGS NEW

Liquid Veneer is a wonder! It will make the  
whole interior of your house shine like new,  
making re-finishing or re-varnishing entire-  
ly unnecessary. It is not a varnish, but a  
surface food and cleaner, building up the  
original finish and making it brighter than  
ever. It is applied with a piece of cheese  
cloth and no experience is necessary. No  
drying to wait for. Removes all scratches,  
stains, dirt, dullness. It can be applied to  
any finish with beneficial results. Nat-  
ural wood, as well as any color of paint, will  
be better for an application of Liquid Veneer.

Liquid Veneer will improve even the most  
beautiful furniture. It will take that smoky  
look from the Piano and other Mahogany, and is highly ben-  
eficial to Golden Oak, White Walnut, Gilt, Silver and other finishes.

Liquid Veneer sells at 50 cents a bottle, and a bottle is enough to  
renovate the ordinary home. Try it and you will always buy it.

## THANKSGIVING DINNERS MAY COME HIGH

(Louisville Herald).

They-diddle-dee-diddle-dee-dee. The merriment with the big sacrifice. He alone may be living. After dinner Thanksgiving on cranberry sauce and turkey. —Mother Goose to date.

According to the market men, the providing of a Thanksgiving dinner the 30th of this month is going to be no small matter to the man with the knitting-needle purse. These prophets of ill say that everything is going high, especially the turkey, which seems to have started to soar like the Great American Eagle in the college orator's first Fourth of July attempt, which "soared and soared and soared until it became so confounded, some that it couldn't soar any more." The price of the fowl, they say, will be higher than ever before, and the supply will not equal the demand. The supply is not much below the normal, but the demand has increased. Five or six years ago turkeys sold at from six to ten cents a pound, and at that time the dealers nearly always had some on hand. Those days are past forever, and the man who can get his turkey this year for twenty or even twenty-five cents a pound will be lucky indeed. Many will have to pay thirty cents, say the dealers.

Last year a large number of turkeys were shipped here in cases. Many of the cases were knocked open on the sidewalks in front of the market houses, and the bystanders were so anxious for the contents that they nearly fought over them, tearing them from the cases with their own hands and paying whatever price the dealer demanded. Such scenes will doubtless be repeated this year.

Those who are willing to take substitutes for the traditional Thanksgiving fowl will fare somewhat better, but even they will generally have to pay a higher price than heretofore. Ducks at eighteen cents a pound, and geese from seventy-five cents to \$2 each, will in all probability be the quotation. Chickens will not materially advance over the present price which, however, is a little higher than usual. Rabbits and squirrels will be dirt cheap, the former ranging from five cents to ten cents apiece. Those who have been accustomed to having a sort of delicate side dish to their turkey, consisting of quail buttered and roasted to a turn, will be disappointed this year on account of the recent law against the sale of the birds.

Cranberry sauce is likely to be another cause of worry. There seems to be no shortage in the crop, but the demand is greater than heretofore, and the berries are likely to keep pace with the turkey in price, as they have always done in service. Perhaps two or three cents to the quart will cover this advance.

Oysters for the turkey dressing will also be scarce. There is such an unusual demand on the part of the retail dealers that the wholesalers are often unable to fill the orders completely. It is sometimes necessary to order from four or five dealers before getting a hundred gallons. Oysters are getting scarcer every year, and the demand is steadily increasing. According to the dealers, the price this year will not be materially advanced, but it is probable that many will be unable to procure them, will have to eat their turkey dressing plain.

The crop of first-class Michigan celery is smaller than normal, but the California brand will keep the price down. Those unable to procure the former will have to swallow their epicureanism and content themselves with the flavor of the latter.

It is feared that garnishing will be rather less in evidence this year than heretofore, as the California crop of asparagus is only about one-fourth the normal.

On account of the heavy rains this year in California and the other orchard districts, melons and fruits are high, and those who are prejudiced in favor of plain pudding have to consult well their pocketbooks. There is a silver lining to the cloud, however. The candidates for dyspepsia will have a chance to precipitate themselves toward their inevitable meal by eating as much pie as they like. Mince meat will be no higher than heretofore, and five or ten cents will buy enough pumpkins to stock an ordinary larder for a week.

Many of the cases were knocked open on the sidewalks in front of the market houses, and the bystanders were so anxious for the contents that they nearly fought over them, tearing them from the cases with their own hands and paying whatever price the dealer demanded. Such scenes will doubtless be repeated this year.

Those who are willing to take substitutes for the traditional Thanksgiving fowl will fare somewhat better, but even they will generally have to pay a higher price than heretofore. Ducks at eighteen cents a pound, and geese from seventy-five cents to \$2 each, will in all probability be the quotation. Chickens will not materially advance over the present price which, however, is a little higher than usual. Rabbits and squirrels will be dirt cheap, the former ranging from five cents to ten cents apiece. Those who have been accustomed to having a sort of delicate side dish to their turkey, consisting of quail buttered and roasted to a turn, will be disappointed this year on account of the recent law against the sale of the birds.

Cranberry sauce is likely to be another cause of worry. There seems to be no shortage in the crop, but the demand is greater than heretofore, and the berries are likely to keep pace with the turkey in price, as they have always done in service. Perhaps two or three cents to the quart will cover this advance.

Oysters for the turkey dressing will also be scarce. There is such an unusual demand on the part of the retail dealers that the wholesalers are often unable to fill the orders completely. It is sometimes necessary to order from four or five dealers before getting a hundred gallons. Oysters are getting scarcer every year, and the demand is steadily increasing. According to the dealers, the price this year will not be materially advanced, but it is probable that many will be unable to procure them, will have to eat their turkey dressing plain.

The crop of first-class Michigan celery is smaller than normal, but the California brand will keep the price down. Those unable to procure the former will have to swallow their epicureanism and content themselves with the flavor of the latter.

It is feared that garnishing will be rather less in evidence this year than heretofore, as the California crop of asparagus is only about one-fourth the normal.

On account of the heavy rains this year in California and the other orchard districts, melons and fruits are high, and those who are prejudiced in favor of plain pudding have to consult well their pocketbooks. There is a silver lining to the cloud, however. The candidates for dyspepsia will have a chance to precipitate themselves toward their inevitable meal by eating as much pie as they like. Mince meat will be no higher than heretofore, and five or ten cents will buy enough pumpkins to stock an ordinary larder for a week.

## DEATH'S SUMMONS CAME SUDDENLY

To Mr. Samuel Goodman Last  
Night at His Home Here.

Stricken with Apoplexy at 7 O'clock  
and Died Shortly Before Mid-  
night—Well Known Man.

### THE FUNERAL ARRANGEMENTS.

Mr. James Samuel Goodman, one of Paducah's best known citizens died last night at 11:37 o'clock from apoplexy, after an illness of only a few hours. Mr. Goodman was apparently in his usual health yesterday and last night until about 7 o'clock. He was at the George H. Goodman establishment on South Second between Broadway and Kentucky avenue, and when Patrolman Gus Rogers stopped a few minutes and talked to him, Mr. Goodman had put on his overcoat and picked up a bag of fennel and started to close up and go home.

Shortly after 7 o'clock several farmers passing saw him in a sitting posture in the corner of the store, near the front window. They went in and attempted to arouse him but found that he was unconscious, and went after help. Officer William Johnson was notified and after failing to arouse Mr. Goodman, Drs. Taylor, Robertson and Pendley were telephoned. Mr. Goodman had apparently felt the attack coming on as he went to switch off the lights and sat down where he was found.

The doctors perceived that he was suffering from a stroke of apoplexy, and thought at first that he was dead, but opened a vein to bleed him, and in a short time he seemed to revive. In an hour his breathing had become more regular and he was taken to his home at Fifth and Washington streets in an ambulance. He never rallied much, however, and life gradually ebbed away.

Mr. Goodman was a popular man, coming to Paducah in 1883 he had been very successful in business. He was born at Flowers Valley, fifteen miles from Elizabethtown, Hardin county, and was 56 years old. He was married 32 years ago to Miss Mattie Hill, and she and two children survive the latter being Miss Harry Hinkle and Mr. George H. Goodman, both of Paducah. He also leaves a brother Mr. Albert Goodman, of Hardinsburg, Breathitt county, and a sister in Owensboro. His son, Mr. George Goodman, who was in Shreveport, La., last night

was telegraphed early in the evening and is supposed to now be on his way to Paducah.

Mr. Goodman was after he came to Paducah first in the grocery business with Mr. Nelson, at Third and Clark streets. Later he was in the saloon business, and at the time of his death was interested in several wholesale whiskey houses, one here, one at Jackson, Tenn., and one at Shreveport, La. He was also interested in the Sherman Phillips saloon.

The deceased was of a happy, cheerful disposition, and had many friends. He was always generous and was never known to be dishonest to his friends.

The funeral announcement will not be made until Mr. George Goodman, son of the deceased, arrives from Louisiana.

### Mr. John Ford Dies.

Mr. John Ford died of pneumonia yesterday at his home 1032 Trimble street after a brief illness. The deceased was a blacksmith and came here from Martin, Tenn., a few months ago. He was 42 years old and leaves a wife and child. The remains were today buried at Highland cemetery, in the county.

### Funeral of Jacob Folz.

The funeral of the late Jacob Folz was held this morning at 10 o'clock burial at the Jewish cemetery. The pallbearers were: Active—Mark, Mike Michael, Sydney Loeb, Joseph Leavison, Max Wolf, David Cross, Henry J. Loeb and Joseph Desberger. Honorary—James Greenbaum, Jas. Woods, Morris Marks, Abe Livingston, Jake Hiederman, L. Goodman, Sol Lesser and Simon Hecht.

### BICYCLE THEFTS

Are Being Investigated By the Police.

The school authorities are preparing to take the matter of bicycle thefts, which have been occurring at the High school building, before the police, and will prosecute all persons proven guilty of taking wheels from the schools, whether they expect to enjoy a short ride or intend to keep the machines or sell them.

Last year a great deal of trouble was experienced by boys who would take wheels from the building and ride them all day, leaving them on some street corner when they had finished. Several arrests were made but the boys were let off with a reprimand.

Yesterday two wheels were taken from the High school, one belonging to Morris Lagerwall and the other to Adolph Krug. Both wheels are still missing and the police are trying to locate them.

## MAY COMPROMISE BIG DAMAGE SUITS

Attorney Hal Corbett Did Not  
File Them at Cape Girardeau.

A Proposition Made to Settle the  
Case Out of Court Now Under  
Advisement.

THE ATTORNEY RETURNS HERE

Attorney Hal Corbett has returned from Cape Girardeau, Mo., where he had gone to file a suit for Capt. Frank Farnesley, of this city, the well known steamboat man, and master of the Beaver, against the city of New Madrid, and City Marshal L. A. Richards.

Richards arrested Capt. Farnesley and threw him in jail without any cause. He alleged that Capt. Farnesley used or was with a party of men who had been guilty of abusing an officer. Capt. Farnesley was entirely innocent and suffered the humiliation of being confined in prison for an hour or more.

He had drawn up a suit for \$10,000 damages and two other members of the boat party had similar suits, all of which would have been filed at New Madrid yesterday but for an offer made the Paducah attorney which he is not at liberty to give out yet.

"I am not prepared to make a statement relative to the offer that has been made my client," Attorney Corbett stated this morning, "but he is considering it and will arrive at a definite conclusion in a few days. If the offer is rejected the suit will be filed."

Today's Cairo Bulletin says of the case:

"It is reported that a settlement between the city of New Madrid and the officers and crew of the steamer Beaver was made yesterday and that the suits amounting to \$30,000 against the city were not filed by the steamboatmen. The trouble grew out of an attack made by New Madrid quarantine guards last summer on a party of boatmen who were trying to land from the Beaver to secure medicine for Volle Davis, and injured engineer."

While in New Madrid, Attorney Corbett learned of an interesting case which will go to trial today. It is against Arthur Miller, a young man originally from Mayfield, Ky., who is charged with the willful murder of a rich resident of New Madrid. Attorney Pete Seay, of Mayfield, is representing the defendant who also has several other prominent attorneys to represent him.

### Money in Timber Lands.

Fortunes have been made, (and can easily be made today,) by buying Arkansas rich river bottom land, heavily covered with timber, at a nominal price, holding the land for a few years and then selling the timber at twice the price the land and timber both cost, and then have the land cleared and sell it for five times the original purchase price and sometimes ten times the cost. We have a proposition of this kind in 1600 acres of land in Arkansas at only \$3.50 per acre. One-third cash, balance 1 and 2 years, at 6 per cent. This land when cleared will rent for \$5.00 per acre per year. Full particulars on request. Edgar W. Whittemore Real Estate Agency, Fraternity Building. Both phones 835.

### Fire at Newburg.

The store and stock of goods at Newburg, the property of Dr. Hensley, burned Sunday night. The house and goods were valued at about \$5,000, with no insurance.—Murray Times.

If you could burn ice in the furnace and use coal in the refrigerator some people would find fault because you couldn't do it with either.

## BOARD OF WORKS

TRANSACTION LITTLE BUSINESS  
YESTERDAY AFTERNOON

Recommended That the Caldwell  
Street Culvert Not Be Built  
This Year.

The board of public works at its regular meeting yesterday afternoon decided to report to the legislative boards the bids for the Caldwell street culvert, and recommend that they all be rejected, and that the bridge be placed in safe condition until next year. The cost will be in the neighborhood of \$3,500.

In regard to the petition for permission to connect the buildings on North Second street back of the Postal Telegraph office with the steam heating system it was decided to allow it if it can be done from the alley, but not to allow the brick street torn up for it. The buildings are to be occupied by the George H. Goodman company.

The matter of grading and graveling Woodward street in Mechanicsburg was referred to Solicitor Campbell. The property owners, it seems, wanted the street graded only, and an ordinance to that effect was passed. The board of works, which has come in contact with so many errors made by the legislative boards, supposed that the word "graveled" had been erroneously omitted, as "walks" was when the

anti-spitting ordinance was passed, and proceeded to let a contract to Ed Baker to both grade and gravel the street. The error was afterwards discovered and the legislative boards sent it back to the board of works, which is now attempting to right matters and stave off trouble with the contractor by having the property owners agree to the grading.

The estimates for pavements on Third from Kentucky avenue to Adams were presented and approved. Also the estimates of money due the contractors for storm water sewers on Jefferson between first and Fifth.

### STILL FROSTY

In the County When the Democrats  
Speak.

The speakings throughout the county by the Democratic ring candidates continue to be farcical affairs. They have filled the atmosphere with mud-slinging and appear to have a chronic case of negro-phobia.

The unlucky number of thirteen greeted them at Lone Oak and there was frost in the air. An old-timer said today that they reminded him of the breaking up of Cole's circus at Smithland in 187—, a trick mule, an emaciated elephant, and one forlorn clown being all that was left of the show.

### STILL HOLDING UP

Action in the Bud Parkins Saloon  
Case.

Mayor Yeiser is still considering

the matter of revoking the liquor license of Bud Parkins, of the south side, but says he is going slowly because he does not want to make a mistake.

Several weeks ago Parkins left the city and gave his bartender instructions not to sell anything on Sunday. The bartender sold and was fined. Mayor Yeiser thinks legally

he can revoke the license of the bartender but has not fully decided.

When the case of the city of Paducah against J. L. Jones for forfeiture of \$1,000 bond comes up it will probably decide the validity of the ordinance giving the mayor power of revocation and from indication the chief executive is waiting for the case to come to trial.
